CC Docket No. 02-6

Petition for Waiver of All Saints High School

All Saints High School respectfully requests that its late-filed form 471 application submitted on March 27, 2014 be included in the E-rate filing window as though timely filed. The application number is 991881.

Our school is located in an urban area, and while we are a small and private school, we serve a socioeconomically diverse population and our school population has a free and reduced lunch percentage of about 50%.

The funds are sorely needed to offset the costs of providing telecommunication services and internet access for the students and staff of the school. Our school relies heavily on the technical services and access to support on online courses, flipped instruction, supplemental learning programs, mathematics curriculum and assessment, and many of our Title 1 services.

We are experiencing some school consolidations at the elementary level, and on the final day to submit forms, I was interviewing teachers for over twelve hours. After I finished the interviews, I went to my office and completed my day's work; by then it was nearly 11:00 p.m. As it turns out, that did not allow enough time to complete and submit the form 471.

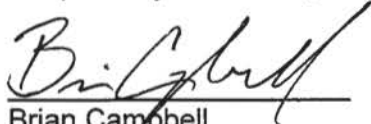

No. of Copies rec'd 0
List ABCDE

All Saints Central Middle and High School provides a Catholic, faith-filled atmosphere fostering Christian service, academic and personal excellence, transforming students into leaders modeled after Christ.

The form was late. When the deadline passed, I was in the process of completing the form 471. I submitted at 12:47 a.m. on March, 27, and it simply took longer than I expected to finalize and submit the form.

We would greatly appreciate your understanding in regard to my simple error, and hope that you will agree that this appeal for waiver is meritorious and grant the request.

Respectfully Submitted,
